

Grace Heartland Church has always maintained a casual approach to dress for those attending our worship services. We are truly a “come as you are” body of believers whose goal is to focus on God and worshiping Him each Sunday morning.

Recognizing that our primary goal as vocalists and musicians is to assist the worship leader in creating an atmosphere in which all eyes and hearts are focused on God, please try to adhere to the following guidelines concerning appropriate dress for worship services while on the platform.

The standard is business casual, which includes:

1. No Shorts
2. No spaghetti straps or plunging necklines
3. No short skirts
4. No spandex or inappropriately tight clothing
5. No ratty tee shirts or sweatpants
6. Jeans are permitted, but without tears and holes
